Button Extracted—An overall button, driven into the body of the 6-year-old son of Mr. and Mrs. Zed Low of Wilson Lane two years ago by a bullet from a .32 calibre revolver, was removed yesterday by a local surgeon. The boy is recovering nicely from the operation. About two years ago, the child and an eight-year-old brother took their father's revolver from the house and began to play with it. While the older boy had the gun, it was accidentally discharged and the bullet struck a suspender button on the bib-oversalls of the younger child, driving it into his body.

CHEMICAL COMPANY TO
HAVE A BRANCH IN
OGDEN

After making a brief survey of Ogden, Dr. Le Re Iua of the Echman Chemical company of Omaha, states that there is a possibility that his company will establish a branch house here. The Echman company is a large chemical firm and for a number of years has been selling its goods in the intermountain states.

The representative is of the opinion that it would be advantageous for the company to make Ogden a distributing point for this region.

KNIGHTS ARE TO
LEAVE JUNE 17

Copies of the official itinerary of the Utah Knights Templars special train to Los Angeles were received at the Union Pacific city ticket office today, together with the announcement that the train would leave Salt Lake City, June 17, instead of June 16. The special will consist of a baggage car, four standard pullmans from Salt Lake, two from Ogden and one from Park City, two dining cars and a parlor observation car. It will depart from Salt Lake over the Salt Lake Route, at 9:00 a. m., June 17 and is scheduled to reach Los Angeles at 1:45 p. m., June 18. The special cars for the Ogden people will leave the union depot at 7:30 a. m., Oregon Short Line train No. 19, and will be attached to the special at Salt Lake. It is anticipated that more than 30 local Knights Templars and their ladies will make the trip to Los Angeles to attend the thirty-third triennial convocation of the order.

REAL ESTATE BEING
SOLD BY OUTSIDE
COMPANY

For a number of years past the Buschmann Realty company has held real estate in Ogden, but an agent is now on the ground disposing of the holdings. The representative who is here for the purpose of disposing of property is H. W. Herweck, a real estate dealer of St. Louis. He states that the property in other sections has virtually all been sold and as soon as the affairs of the company can be settled, the company will dissolve.

The property in Ogden consists of 128 lots in the Lakeview addition, 20 lots in the Nob Hill addition, and 35 lots in the University addition in the vicinity of Monroe and Gramercy avenues and Twenty-fifth and Twenty-seventh streets.

Mr. Herweck is of the opinion that there should be a more extensive advertising campaign in Ogden on the part of real estate dealers, as it is his judgment that "printers' ink" makes for sales. He expects to sell the holdings of the Buschmann Realty company by July 1. He says he will sacrifice the property in order to clean up the local holdings.

PIPE LINE IS BROKEN:
WATER SHORTAGE
IS FEARED

Today well drillers began work on a new artesian well for Ogden city, a short distance north of the artesian wells in Ogden canyon, and acting Mayor Miles L. Jones, superintendent of the waterworks department, states that, if it is agreeable with other members of the city commission, four or five new wells will be driven this year.

Commissioner Jones states that the emergency pipe line connecting the city water main with the large pipe line of the Utah Power & Light company in the canyon is out of commission, due to a break in the pipe in the river bed, and that it cannot be repaired until the water recedes. This, in connection with the damaged condition of the Wheeler Creek main line, makes it necessary for the city at this time to depend almost entirely for its water supply on the flow from the artesian wells, which is about 7,000,000 gallons a day.

It is said by Mr. Jones that, unless repairs can be made on the old main from Wheeler Creek within the next few days, it may be necessary to have a restricted use of water. The commissioner is of the opinion, however, that if the people will be economical in the use of water until the pipe line can be repaired, the enforcement of the rule will not be necessary.

It is estimated that the water consumption in the city during the next three months will be about 13,000,000 gallons a day—nearly twice as large as a few years ago. The artesian wells now furnish about 7,000,000 gallons a day. It is planned to drive enough additional wells to increase the flow to about 15,000,000 gallons a day.

A break occurred in the Wheeler Creek pipe yesterday evening a short distance below the power dam and a force of men worked nearly all night, but repairs had not been made at a late hour today. The pipe is also broken in other places and the prospects are it will require a number of days to get the main in proper shape to carry water.

FIRE IN THE BUSINESS
DISTRICT DRAWS
LARGE CROWD

Several sheds at the rear of 265 Twenty-second street were destroyed by a fire this morning, that also damaged the Everett Livery barn and two residences. The conflagration extended almost through the block, between Hudson and Washington avenues and Twenty-second and Twenty-third streets and created much excitement. It started in one of the sheds about 7:45 o'clock and was blazing fiercely when discovered.

The alarm was sent to the fire department at 7:53 o'clock and shortly afterward the fire fighters had two lines of water and one of chemical playing on the burning buildings, while a number of residents protected their homes with lines of garden hose. From the sheds, the flames which were leaping high in the air through dense clouds of smoke, when the firemen arrived, spread to the residence of George Pope in the same lot, to the summer kitchen of a residence in a neighboring lot and to the Everett Livery barn.

In a short time several hundred persons were on the scene and Mrs. Pope, who was ill in bed was removed to the house of a neighbor and the household effects of the family were moved to a place of safety before the house took fire. A number of motors and other vehicles were also moved out of the livery barn by willing hands before they were damaged.

So quickly did the fire spread over the wide area of frame buildings that it took more than a half hour to get it under control and its cause has not yet been determined. It is thought, however, that small boys with matches were responsible.

The burned sheds and damaged house belonged to Mrs. Mary T. Steed, a resident of Wyoming and the damage was estimated at about \$500. The damage to the livery barn was small.

UNITING OF TWO
PARTIES STILL
IN BALANCE

(Continued from Page One).

Willis Nominates Burton.
It was five minutes before order was restored and the roll call resumed. Arkansas yielded to Ohio and the chair recognized Governor Willis to nominate Burton.

When the uproar had been going on ten minutes Chairman Harding rapped for order and almost got it but the screaming women in the gallery aroused another outburst.

A delegate from Oregon answered the shrill challenge from the gallery and the two had a yelling contest. When the woman gave signs of stopping, a Root man from New York cheered her on. The Root workers distributed banners with the name of their candidate. Things finally quieted down and when Arkansas was called the Ohio delegates united and Governor Willis was recognized to

place in nomination Theodore E. Burton.

It was announced that Colonel Roosevelt would be nominated in the Republican convention by Senator Fall of New Mexico. Seconding speeches for Root will be made by the following:

A. M. Stevenson, Colorado; Marion Butler, North Carolina; William Potter, Pennsylvania; S. T. Fuller, Massachusetts; C. H. Serget, Illinois; L. D. Desnay, Oklahoma; W. A. Lord, New Jersey; Edward Kent, Arizona.

The cheering in the New York delegation was led by Former Secretary Stimson. Many of the delegates who had cheered for Justice Hughes a few minutes before, cheered just as loudly for Mr. Root.

There were whoops, waving of flags and hats, hand clapping and a din from the noise making machines. A woman in the guest gallery behind the great platform stood in her chair and screamed a shrill treble until all eyes in the hall were turned upon her. The band got busy and the cheers continued to the away of the music. Waving a flag in either hand the piercing voice of the woman in the gallery frequently revived the demonstration.

that the convention would permit its committee to proceed with conference until a final report could be made.

Radicals Eager to Nominate.

Auditorium, Chicago, June 9, 2:40 p. m.—Insistent demands were made up on Progressive leaders by some of the "radical" element during the recess that the Progressive convention nominate Colonel Roosevelt before Senator Fall nominated him in the Republican convention. It was insisted that such a move would add strength to Fall's remarks.

"I think the colonel will be nominated in the Republican convention first," Secretary McGrath said.

OF THE OUTCOME

(Continued from Page 1.)

To the Progressive National convention: Your committee appointed pursuant to the resolution adopted at yesterday's session met in conference with the committee representing the National Republican convention last evening. The committee of conference representing the Republican national convention consisted of Messrs. Reed Smoot, W. Murray Crane, William E. Borah, Nicholas Murray Butler and A. R. Johnson.

No Republican Candidate Named.
The conference was most friendly. Immediately upon assembling your committee proposed as the joint nominee of both conventions the name of Theodore Roosevelt. The committee representing the Republican National convention did not present the name of any candidate, nor did it attempt to refute our arguments relating to the unique availability of Theodore Roosevelt as a candidate. To unite both parties or to serve our common country at the crucial period in the

history of the world. After several hours of friendly discussion, during which no concrete proposition was advanced by the Republican conference, except that a further conference might be desirable this afternoon or evening, the joint committee adjourned.

UTAMADE TEAM HAS
LOST TWO FAST
PLAYERS

Glen Stone and Bert Stanger, second baseman and shortstop of the Utama baseball team and considered two of the fastest amateur ball players of the city, have gone to Salt Lake City, Idaho, to accept clerical positions and to join the Sugar City team of the Snake River Valley baseball league. Mr. Stone is a graduate of the Smithsonian business college and Mr. Stanger, of the Ogden high school, both being members of the classes of 1916.

Manager Leland Williams of the Utama team has been scouting for several days for players to fill the two vacant positions in his lineup, as the team is scheduled to meet the Garland nine at Glenwood, Sunday afternoon. Tomorrow, the "Mades" will go to Layton for a contest and Manager Williams will give Paine and White, a tryout in the positions formerly played by Stone and Stanger. A Tri-county league game will be played tomorrow at Brigham City, when the Utah Power & Light team will meet the locals.

Standing of Teams.

The present standing of the teams is as follows:

	Won.	Lost.	Pct.
Utah Power & Light	6	2	.750
Brigham City	4	3	.571
Utama	3	4	.429
Garland	1	5	.166

The change, giving the Utah Power team first place, is partly due to the throwing out of the two protested games by Joseph Storey, the official arbiter of the league. The protests were made by Manager R. H. Francis of Garland against Brigham City, and Manager J. W. O'Brien of the Utah Power team, against the Utama, of games played May 21.

O'NEILL COMPANY

LOWEST BIDDER

Tabulation of the bids for building concrete paving on Orchard avenue, between Twenty-fourth and Twenty-fifth streets, shows that the J. P. O'Neill Construction company is the lowest bidder by a close margin. City Engineer Joseph Tracy states that he will recommend that the O'Neill company be given the contract.

The O'Neill company's bid was \$3514.69, the bid of the Wheelwright Construction company being \$3597.91.

DEATH CALLS

JOHN R. McLEAN

Owner of Washington Post and Cincinnati Enquirer Succumbs to Long Illness.

Washington, June 9.—John R. McLean owner of the Washington Post and the Cincinnati Enquirer, died at his home here at 2:50 o'clock this afternoon after a long illness.

Mr. McLean, who was in his sixty-eighth year, had been suffering from a complication of diseases for several months. He was a native of Cincinnati. As a young man he acquired his father's interest in the Enquirer and in 1881 became sole owner of the paper. Ten years ago he bought the Washington Post.

For years Mr. Mc
